

POSITION: Warehouse & Logistics Manager

Green Meets Africa (GMA) - a fast pace industry innovator is looking for a talented individual that will make the difference within our global standards that drive our quality and value. We are eco-friendly focused with a fast-paced attitude that drives service and market relevance. We are a brand for the future with an African vision.

Greenmouse Africa is an evolutionary division within our core that cares for both the planet and our society. As a household necessity, we deliver quality consumer cell phone and technology advancing accessories, developed and manufactured from partly recycled materials. Our sustainable and minimal packaging formula supports the future, allows for ease of use and simple yet visible product selection.

Job Description:

The successful candidate will be responsible for the day to day activity of running the inventory and warehouse operations. This includes but is not limited to forecasting, forward planning, dispatching, inventory control and systemic evolution.

We seek a highly motivated, energetic and organised candidate who works well under pressure and is looking to establish a career within this fast growing business. The position requires attention to detail & effective communication skills.

REQUIREMENTS:

- 5 years + of proven working experience in Warehouse Management
- Proven experience in distribution and logistics management
- Proactive analytical, problem solving and organizational skills
- Effective leadership and team development ability.
- Ability to work independently and handle multiple projects
- Strong communication skills to manage the internal and external stakeholder expectations
- Good personal presentation
- Ability to make decisions under pressure
- Good commercial and business understanding
- Driver's License essential
- Familiar with Workplace Safety and Environmental factors
- Tertiary qualifications in Business Administration, Logistics or Supply Chain would be advantageous
